Felix,

Please see below. As you may have heard, our firm is representing Guatemala in D.C. and they are hosting an investment opportunity seminar on March 30th in Guatemala City. I will probably be there in person, but there is also going to be a webcast in case you are interested in participating. I know that you and your family are already doing a lot in the Northern Triangle and this might be a good opportunity to learn more about additional opportunities in the region.

Un abrazo,

Pepi
